CITY OF COLORADO SPRINGS

2010
POLICE DEPARTMENT ANNUAL REPORT

Includes Fourth Quarter 2010

COLORADO SPRINGS POLICE DEPARTMENT

STATISTICAL REPORTS

Uniform Crime Reporting and the National Incident Based Reporting System

Uniform Crime Reporting (UCR) has been the national crime-reporting standard since 1930. However, it is now being replaced by the National Incident Based Reporting System (NIBRS).

NIBRS expands the 7 traditional Part I Offenses into 22 Group A Crimes, on which detailed information is reported. It includes revised and new offense definitions, provides for greater specificity in reporting, tracks explicit and implicit correlations between offenses, property, victims, offenders and arrestees, and places special emphasis on drug offenses as well as accounting for computer crime.

Our report booklet includes information from both methods, to encourage valid comparisons. The first section includes the UCR reports, the traditional statistical hierarchical system, in which only the most serious crime occurring during an incident is counted. NIBRS counts all crimes that occur in an incident. Under UCR, the "Forcible Rape" category tallies the unlawful carnal knowledge of female victims by male perpetrators; under NIBRS the category is retitled "Sex Offenses, Forcible" and expanded to include all forced sexual acts, including fondling, regardless of the sex of individuals involved.

Dynamic Files

All files utilized in the creation of these reports are *dynamic files.* Dynamic files allow additions, deletions and/or modifications of records at any time, resulting in more complete and accurate records in the databases. The reports included in this booklet represent a "snapshot" of the statistical databases with the information contained therein at the time the report was compiled and printed.

Statistics published herin by CSPD may differ from those compiled by the Federal Bureau of Investigation and the Colorado Bureau of Investigation due to differences in cut off dates. While the FBI and CBI use January 31 as the cut off date for the prior year, CSPD includes additions, modifications and clearances of prior year cases for the entire first quarter of the next year.

Due to the ability to alter the databases after reports are compiled, quarterly totals may change from quarter to quarter and may not add up to annual totals. By utilizing the most current quarterly report booklet and the year to date figures included in it, one may be assured of obtaining the most complete statistical information.

COLORADO SPRINGS POLICE DEPARTMENT

ANNUAL 2010

GRAND TOTALS

	Annual Report January-December
Case Reports	41,938
Arrests	20,371
*Accidents	8,682
Traffic Summonses	58,586
Calls for Service	295,517

*This is the total number of accidents that the Colorado Springs Police Department has responded to and reported on. It does not reflect accidents that citizens have reported directly to the State of Colorado.

During this period, citizens of El Paso County reported 5,170 accidents to the Colorado Department of Motor Vehicles (DMV) through the Colorado State Patrol's online reporting system. These reports may include accidents that occurred outside the city limits of Colorado Springs, as the DMV currently only tracks accidents by counties. These reports may also include duplicates due to multiple drivers being involved in a single accident. Accidents that are mailed into the DMV are not included in these reports, as there is no state tracking system.

COLORADO SPRINGS POLICE DEPARTMENT

FOURTH QUARTER 2010

GRAND TOTALS

	Fourth Quarter October-December
Case Reports	10,450
Arrests	4,717
*Accidents	2,354
Traffic Summonses	11,624
Calls for Service	67,305

*This is the total number of accidents that the Colorado Springs Police Department has responded to and reported on. It does not reflect accidents that citizens have reported directly to the State of Colorado.

During this period, citizens of El Paso County reported 1,570 accidents to the Colorado Department of Motor Vehicles (DMV) through the Colorado State Patrol's online reporting system. These reports may include accidents that occurred outside the city limits of Colorado Springs, as the DMV currently only tracks accidents by counties. These reports may also include duplicates due to multiple drivers being involved in a single accident. Accidents that are mailed into the DMV are not included in these reports, as there is no state tracking system.
